A young boy with short brown hair is sitting at a desk, holding a handheld microphone to his mouth. He is looking towards the right. On the desk in front of him is a large, black, multi-band radio receiver with several knobs and a large speaker. A coiled black microphone cord is connected to the radio. In the background, there is a computer monitor and other electronic equipment on the desk. The scene is set in what appears to be a radio station or a hobby room.
